

PROFILE

Third year Information Systems student at Sofia University "St. Kliment Ohridski", Faculty of Mathematics and Informatics. I would describe myself as a great teammate you can count on, quick learner and excellent problem solver. Adapting to new environments comes naturally to me. I have always enjoyed what I learnt at university and I am highly motivated to develop myself in the IT industry.

EXPERIENCE

Codexio | Dec 2022- April 2023

Software engineering intern

- I worked with the other interns on a web application using Java Spring Boot framework. Each one of us participated in code reviews and contributed to improving the application's performance and functionality. I also got basic understanding of HTML and CSS and developed my skills in project management, agile methodology, and teamwork.
